## President's Message

The temperatures may still be in the 90's, but the calendar says Fall is just around the corner and soon after the holidays will come in rapid succession. I don't know about you all, but I'm already feeling behind prepping for the holidays!

I hope everyone is enjoying the last days of summer. We are still taking membership renewal applications (and new member applications). If you haven't already renewed your membership, now is the time! The website password will soon be changing and you won't want to miss any member only updates.

Thank you to Rena Blain for presenting, what I hear, was an informative and helpful program in August. A huge thank you to Shannon Tankersly who filled in during my absence.

Our board has been busy planning the for the remainder of the year and look forward to sharing the details soon. In the mean time, we can't wait to see everyone at our next meeting on September 21st.

## Upcoming Events

The website password changes on September 1st and you will receive an email from Rose.

## Program of the Month

The September meeting will be all about Community Service: Who, What, When, Where, & Why we partner with community agencies.
